RESUME

OBJECTIVE

To utilize and build upon my 16 years of professional experience in client management toward the completion of adeptly functional, technologically forward, design focused, and environmentally conscious construction projects

PROFESSIONAL EXPERIENCE/STRENGTHS

- Coordination of all aspects of project delivery from conception, to documentation, through to completion by effective collaboration with team members including stakeholders, construction managers, general contractors, design consultants, vendors, and state/local AHJs
- Significant development and promotion of corporate standards for quality project delivery
- Leadership in business development, marketing, media presence and social media strategy
